By Glenn M. Rand, David R. Litschel

Black & White Photography (Black and White Photography) By Glenn M. Rand, David R. Litschel

Black and White Photography, 2E provides readers with the how-to and reference information they need to learn to compose, develop, and exhibit their own first-rate photographs. An ideal resource for beginners, this edition features over 300 pages of detailed information supported by easy-to-understand diagrams and examples of some of the world's best black-and-white photographs. The logical, three-part organization-based on the authors' 20+ years of teaching experience-progresses from the most basic aspects of black-and-white photography through coverage of Zone System and other advanced techniques. All-new chapters on manipulative printing techniques and digital photographic technology ensure that readers are exposed to state-of-the-art techniques while en route to becoming skilled photographers.

Editorial Review

About the Author

Dr. Glenn Rand received his Bachelor and Master of Arts from Purdue University with a Doctorate from the University of Cincinnati. He has published and lectured about photography internationally with consultant clients that included the Eastman Kodak Company, Ford Motor Company, the Photo Marketing Association International as well as many other businesses and several colleges. Photographs by Dr. Rand are in the permanent collections of over twenty museums in the United States, Europe and Japan. He teaches in the graduate program at Brooks Institute of Photography.

David Litschel is a photographer, teacher, and writer. He received an MFA degree from the University of Michigan and a BFA degree from the University of Colorado. With 20 years of experience teaching photography, he is currently Academic Dean at Brooks Institute of Photography, California. His photographs and writings have appeared in numerous publications, and he has exhibited internationally.

Users Review

From reader reviews:

Sammy McManus:

What do you think about book? It is just for students as they are still students or that for all people in the world, what the best subject for that? Simply you can be answered for that question above. Every person has distinct personality and hobby for every other. Don't to be pushed someone or something that they don't desire do that. You must know how great in addition to important the book Black & White Photography (Black and White Photography). All type of book can you see on many sources. You can look for the internet options or other social media.

Gertrude Barrett:

Nowadays reading books be a little more than want or need but also be a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book this improve your knowledge and information. The info you get based on what kind of e-book you read, if you want drive more knowledge just go with training books but if you want really feel happy read one with theme for entertaining for instance comic or novel. The Black & White Photography (Black and White Photography) is kind of book which is giving the reader capricious experience.

Cleveland Bolton:

This Black & White Photography (Black and White Photography) is great publication for you because the content and that is full of information for you who all always deal with world and also have to make decision every minute. This book reveal it details accurately using great manage word or we can declare no rambling sentences within it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it

only will give you straight forward sentences but tough core information with attractive delivering sentences. Having Black & White Photography (Black and White Photography) in your hand like keeping the world in your arm, data in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen small right but this guide already do that. So , this is good reading book. Heya Mr. and Mrs. active do you still doubt this?

Colin Wegner:

On this era which is the greater man or woman or who has ability to do something more are more precious than other. Do you want to become one of it? It is just simple method to have that. What you have to do is just spending your time not much but quite enough to have a look at some books. On the list of books in the top collection in your reading list is definitely Black & White Photography (Black and White Photography). This book which is qualified as The Hungry Hills can get you closer in becoming precious person. By looking upwards and review this guide you can get many advantages.
