### Editorial Review

Review

#### From Booklist:

Built more than 800 years ago, the Masterson bed has a wonderfully rich history, which museum curator Laurel Whitney loves relating to each group she shepherds through Masterson Manor. Today's tour is especially poignant because the owners of the manor have sold the place. Gathering her last group around her, Laurel tells them about the many Mastersons who have shared the bed: the medieval knight who returned home from the Crusades to find that his wife by proxy was not at all happy to see him, the Elizabethan mercenary who kidnapped the wrong woman only to realize he did not want to give her up, and the Regency miss who chains her former lover to the bed to keep her smuggler brother safe. Unbeknownst to Laurel, one more romance will be played out upon that famous bed--this one involving Laurel herself and annoyingly attractive handyman Ned Masterson. Dodd and Brockway's creative collaboration yields four delightfully humorous and delectably sexy romances that exemplify their witty writing and talent for creating compelling characters. *John Charles Copyright © American Library Association. #### From Publishers Weekly:

An 800-year-old bed bears silent witness to centuries' worth of naughty shenanigans in *Once Upon a Pillow*, a collaboration between veteran romance writers Christina Dodd and Connie Brockway. The epic opens in 13th-century England with a crusading knight and his fast-talking, murderous maiden bride and culminates with a present-day social history grad student who gives tours through the medieval manor house where the bed is the star attraction; she longs to acquire it or at least give it a whirl herself. *Copyright 2002 Cahners Business Information, Inc.*
