Mate of Her Heart By R. E. Butler

Werewolf Eveny Moore is coming into her first heat at the age of twenty-five. Bucking tradition, she chooses to go through her first heat alone instead of choosing an unmated male from her pack. There is only one male that she wants in her bed and her life: her best friend, Luke Elrich. But Luke is human and doesn't understand the consequences of her heat-cycle, so she hides out in a safehouse, planning to ride out the cycle alone and then ask Luke to be her mate.

Luke has loved Eveny forever, but something is going on between them. He's afraid he's losing her forever, until she promises to talk to him after her heat-cycle is over. He overhears her brother, the pack alpha, ask another wolf to go to Eveny and take her through the heat-cycle. What her brother doesn't know is that the male plans to invite some of his friends along. And Eveny is alone in a remote cabin, unprotected. Luke will do anything to keep her safe, even if it means going up against four wolves.

This story contains a meddling brother, a human fighting a pack of male wolves for the only woman he's ever loved, a female who thought she had a good plan, and bone-melting, skin-tingling hot sex between a male and a female who have loved each other forever.
