Pediatric Nursing: An Introductory Text, 11e By Debra L. Price MSN RN CPNP, Julie F. Gwin MN RN

Covering evidence-based pediatric nursing care from infancy through adolescence, **Pediatric Nursing: An Introductory Text, 11th Edition** provides a clear, easy-to-read guide to pediatric nursing for LPN/LVN students. Content in this edition is reorganized for a "best of both worlds" approach to pediatric nursing, with early chapters devoted to normal growth and development by age group followed by chapters covering the most common childhood disorders grouped by body system. Updated coverage reflects the latest issues in pediatric nursing care, including childhood obesity and teenage pregnancy. *Clinical Snapshots* and Nursing Care Plans with critical thinking questions show how to apply the nursing process in real patient care scenarios. Written by noted pediatric nursing educators Debra L. Price and Julie F. Gwin, this market-leading textbook provides the essential knowledge you need to succeed in LPN/LVN practice.

- **Reading Level: 9.6**
- **Nursing Care Plans with critical thinking questions** reinforce problem-solving skills as the nursing process is applied to pediatric nursing, with NEW critical thinking answer guidelines provided on the companion Evolve website Evolve to help you understand how a care plan is developed and how to evaluate care of a patient.
- **UNIQUE! Free, built-in Study Guide** includes scenario-based clinical activities and practice questions for each chapter.
- **Complete, concise coverage of evidence-based pediatric nursing care** includes cultural and spiritual influences, complementary and alternative therapies for pain management, and pediatric psychophysiologic responses to bioterrorism and threats of bioterrorism.
- **UNIQUE! Clinical Snapshots** describe patient scenarios and include photographs of pediatric assessment and specific disorders, helping you apply critical thinking skills to clinical situations.
- **Did You Know boxes** list assessment data to help you recognize possible pediatric disorders.
- **Nursing Brief boxes** stress key points and help in prioritizing information.
- **Communication boxes** offer tips and techniques for successful nurse-patient-family communication.
- **Health Promotion boxes and content** highlight family-centered care, wellness, and illness prevention.

- **Home Care Considerations boxes** address home care issues for children with chronic illnesses and congenital disorders as well as community-based care issues including immunization, nutrition, and overall health promotion.
- **UNIQUE! LPN Threads** make learning easier, featuring an student-friendly reading level, key terms with phonetic pronunciations and text page references, chapter objectives, special features boxes, and full-color art, photographs, and design.
- **A reorganized structure** provides a solid, logical foundation for learning, covering developmental stages first and then childhood diseases and disorders by body system.
- **Updated clinical content** includes a focus on issues of childhood obesity and teenage pregnancy, the support and integration of children with genetic anomalies and physical disorders, and communication with pediatric patients and families.
- **Get Ready for the NCLEX® Examination! sections** in every chapter include key points and NCLEX exam-style review questions.
- **Safety Alert! boxes** highlight the 2011 Joint Commission National Patient Safety Goals, with special consideration for serious and potentially fatal medication errors.
- **Step-by-step nursing skills** include a rationale for each step and easily recognizable icons for standard steps (e.g., hand hygiene).
- **UNIQUE! Icons in page margins** point to related animations and video clips on the companion Evolve website.
- **Global Perspectives boxes** highlight health issues impacting various part of the world.

Editorial Review

Users Review

From reader reviews:

Marcia Fullerton:

Do you among people who can't read pleasant if the sentence chained within the straightway, hold on guys this kind of aren't like that. This Pediatric Nursing: An Introductory Text, 11e book is readable through you who hate those perfect word style. You will find the data here are arrange for enjoyable studying experience without leaving even decrease the knowledge that want to give to you. The writer associated with Pediatric Nursing: An Introductory Text, 11e content conveys prospect easily to understand by many individuals. The printed and e-book are not different in the information but it just different such as it. So , do you even now thinking Pediatric Nursing: An Introductory Text, 11e is not loveable to be your top list reading book?

Pauline Lipman:

This Pediatric Nursing: An Introductory Text, 11e usually are reliable for you who want to become a successful person, why. The reason why of this Pediatric Nursing: An Introductory Text, 11e can be one of the great books you must have is actually giving you more than just simple reading through food but feed you with information that maybe will shock your prior knowledge. This book is definitely handy, you can bring it almost everywhere and whenever your conditions both in e-book and printed kinds. Beside that this Pediatric Nursing: An Introductory Text, 11e giving you an enormous of experience for instance rich vocabulary, giving you trial run of critical thinking that we understand it useful in your day exercise. So , let's have it and luxuriate in reading.

Donald Tuel:

Reading a book tends to be new life style on this era globalization. With looking at you can get a lot of information which will give you benefit in your life. Together with book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. A great deal of author can inspire their very own reader with their story as well as their experience. Not only the storyline that share in the guides. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors on earth always try to improve their ability in writing, they also doing some analysis before they write for their book. One of them is this Pediatric Nursing: An Introductory Text, 11e.

Nancy Harris:

Many people spending their time by playing outside having friends, fun activity with family or just watching

TV 24 hours a day. You can have new activity to pay your whole day by looking at a book. Ugh, you think reading a book can definitely hard because you have to take the book everywhere? It alright you can have the e-book, getting everywhere you want in your Touch screen phone. Like Pediatric Nursing: An Introductory Text, 11e which is keeping the e-book version. So , why not try out this book? Let's see.
