

The four seasons, and other poems

By James Thomson

The four seasons, and other poems By James Thomson

"The subject propos'd. Invocation. Address to Mr. DODINGTON. An introductory reflection on the motion of the heavenly bodies; whence the succession of the SEASONS. As the face of nature in this season is almost uniform, the progress of the poem is a description of a summer's day. Morning. A view of the sun-rising. Hymn to the sun. Forenoon. Rural prospects. Summer infects describ'd. Noon-day. A woodland retreat. A groupe of flocks and herds. A solemn grove. How it affects a contemplative mind. Transition to the prospect of a rich well-cultivated country; which introduces a panegyric on GREAT-BRITAIN. A digression on foreign summers. Storm of thunder and lightning. A tale. The storm over; a serene afternoon. Bathing. Sun-set. Evening. The whole concluding with the praise of Philosophy."

This is an edition of a classical book first published in the eighteenth century.
