Editorial Review

About the Author

William Walker Atkinson was a leading figure in the late 19th Century's New Thought Movement which is the foundation of many of our current New Age beliefs. William Walker Atkinson was a successful lawyer, but the stress and strain of his unenlightened pursuit of wealth and prestige resulted in a complete physical and mental breakdown, and ultimate financial disaster. For Walker, this was merely the darkest hour before the dawn: after discovering and mastering the principles of New Thought, he rebuilt his health and his career on a stronger and more stable foundation than he had ever conceived of before. He also began to write extensively, under several pseudonyms, including Theron Q. Dumont, Yogi Ramacharaka, and he was most likely all three of the Initiates credited with the writing of The Kybalion. It is possible his successful career and conservative credibility as a lawyer inspired him to use all of these various pseudonyms. Many of his books are still very popular today.... true wisdom never goes out of style, and William Walker Atkinson was a true master.

Users Review

From reader reviews:

Carlos Garcia:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each guide has different aim as well as goal; it means that guide has different type. Some people sense enjoy to spend their time and energy to read a book. They are really reading whatever they acquire because their hobby is usually reading a book. Consider the person who don't like examining a book? Sometime, man feel need book after they found difficult problem or even exercise. Well, probably you will require this Thought Vibration.
