## Daytripper By Gabriel Ba, Fabio Moon

The acclaimed DAYTRIPPER follows Bras de Olivias Dominguez during different periods in his life, each with the same ending: his death.

DAYTRIPPER follows the life of one man, Bras de Olivias Dominguez. Every chapter features an important period in Bras' life in exotic Brazil, and each story ends the same way: with his death. And then, the following story starts up at a different point in his life, oblivious to his death in the previous issue – and then also ends with him dying again. In every chapter, Bras dies at different moments in his life, as the story follows him through his entire existence – one filled with possibilities of happiness and sorrow, good and bad, love and loneliness. Each issue rediscovers the many varieties of daily life, in a story about living life to its fullest – because any of us can die at any moment.

### Editorial Review

From Publishers Weekly

Starred Review. A stunning, moving story about one man's life and all the possibilities to be realized or lost along the way. Brothers Bá and Moon take readers through the life of a man named Brás de Oliva Domingos, selecting a series of individual events of great significance to Brás, showing each as if it could be the day Brás dies, and in so doing creating an examination of family, friendship, love, art, life, and death that urges the reader to turn the same careful inspection on their own life. Central is the relationship between Brás, who is first seen as a disgruntled writer stuck in a job writing obituaries, and his father, Benedito de Oliva Domingos, a famous author. Although each section can be years apart, themes all beautifully tie in throughout the work; characters develop as more is learned about them as the story jumps back and forth in time; and moments of Brás' life take on entirely new meanings as events from his possible pasts or futures cast them into new lights. Moon and Bá's artwork is as impressive as their writing, and aided by colorist Dave Stewart the artists/writers render gorgeous cities and landscapes from Brazil across several decades, adding in touches of the surreal when the story calls for it. This is an intense work that promises to bring the reader along on a personal and rewarding journey. (Feb.)
