The Geography of the World Economy By Paul Knox, John Agnew, Linda Mccarthy

The Geography of the World Economy provides an in-depth and stimulating introduction to the globalization of the world economy. The book offers a consideration of local, regional, national and global economic development over the long historical term. The theory and practice of economic and political geography provide a basis for understanding the interactions within and among the developed and developing countries of the world. Illustrated in color throughout, this new edition has been completely reworked and updated to take account of recent significant changes in the world economy.

A new companion website also accompanies the book, with additional resources for each chapter including multiple choice and short essay questions and links to relevant websites. Figures and tables are also available for download located at www.routledge.com/cw/knox

The text is signposted throughout with an glossary of key terms, and is richly illustrated with full-color maps, diagrams and illustrations. It is ideal for upper level university undergraduates and for post-graduates in a variety of specializations including geography, economics, political science, international relations and global studies.

Users Review

From reader reviews:

Annie Hendricks:

This The Geography of the World Economy is great publication for you because the content that is full of information for you who else always deal with world and get to make decision every minute. This kind of book reveal it information accurately using great plan word or we can declare no rambling sentences in it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with splendid delivering sentences. Having The Geography of the World Economy in your hand like obtaining the world in your arm, details in it is not ridiculous one particular. We can say that no guide that offer you world in ten or fifteen moment right but this book already do that. So , this is certainly good reading book. Heya Mr. and Mrs. active do you still doubt which?

Michael Decker:

Reading a book to get new life style in this calendar year; every people loves to go through a book. When you study a book you can get a lot of benefit. When you read guides, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you would like get information about your research, you can read education books, but if you act like you want to entertain yourself read a fiction books, this kind of us novel, comics, and soon. The The Geography of the World Economy provide you with new experience in reading through a book.

Silvia Washington:

Many people spending their time by playing outside having friends, fun activity together with family or just watching TV the whole day. You can have new activity to enjoy your whole day by looking at a book. Ugh, do you think reading a book really can hard because you have to bring the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Smartphone. Like The Geography of the World Economy which is getting the e-book version. So , try out this book? Let's observe.

Candace Hernandez:

That book can make you to feel relax. This kind of book The Geography of the World Economy was vibrant and of course has pictures on there. As we know that book The Geography of the World Economy has many kinds or style. Start from kids until teens. For example Naruto or Investigator Conan you can read and believe that you are the character on there. Therefore , not at all of book are make you bored, any it can make you feel happy, fun and chill out. Try to choose the best book to suit your needs and try to like reading that.
