Dr. Richard McCall, a psychologist who teaches martial arts principles to professionals, turns his attention exclusively to the fiscal battlefield in *The Way of the Warrior-Trader: The Financial Risk-Taker's Guide to Samurai Courage, Confidence and Discipline*. Likening today's high-performance traders to Japan's legendary *samurai*, he combines personal anecdotes with success stories to show why the mind is the most important weapon in both arsenals--and how it can best be used in battle.
