

Then Again, Maybe I Won't

By Judy Blume

Then Again, Maybe I Won't By Judy Blume

Get a guy's perspective on adolescent hang-ups in this classic Judy Blume novel, now with a fresh new look.

"That's an interesting way to solve the problem, Tony."

Miss Tobin is talking about a *math* problem on the blackboard, but Tony is thinking about *real* problems.

If his parents or his friend Joel or Joel's sixteen-year-old sister Lisa knew what Tony was thinking about a lot of the time, they'd probably freak out. About snitching on Joel, who Tony knows is a shoplifter. About watching Lisa undress each night and liking what he sees. About money and the changes money makes in people (especially his mother).

Hung up at thirteen. That's Tony Miglione—especially this morning in math class in front of Miss Tobin, for everyone to see...

Editorial Review

From School Library Journal

Grade 6-10 When his hardworking inventor father strikes it rich and moves the family from working class Jersey City to wealthy Rosemont, Tony Miglione finds that everything from friendships to school takes on a new and confusing twist. Suddenly his mother is intent on climbing the social ladder; his grandmother isn't allowed to cook for the family anymore since they've hired a housekeeper; and his older brother, Ralph, who's always wanted to be a teacher has suddenly decided to go into business. With a voice that calls to mind that awkward phase between being just a kid and the advent of puberty, actor Justin Long captures the discomfort and frustration of Tony's struggle to fit in with his new environment as well as his growing distrust and dislike of the "perfect" boy next door whose charming demeanor masks his compulsion to shoplift. Listening to this tape of the 1971 novel by Judy Blume is like listening in on exchange of stories in a "boys only" clubhouse - eye opening, funny, and poignant all at the same time.

Review

"Tony Miglione is perfectly happy in Jersey City, and looking forward to going to junior high with his friends, so he is not at all pleased when he learns his father's invention has made the family rich....With a new school and burgeoning sexual yearnings to cope with, Tony is a troubled boy. Judy Blume does a fine job of seeing all this from a boy's viewpoint."--*Saturday Review*.

From the Trade Paperback edition.

From the Publisher

Ever since his dad got rich from an invention and his family moved to a wealthy neighborhood on Long Island, Tony Miglione's life has been turned upside down. For starters, there's his new friend Joel, who shoplifts. Then there's Joel's sixteen-year-old sister, Lisa, who gets undressed every night without pulling down her shades. And there's Grandma, who won't come down from her bedroom. On top of all his other worries, there are all the questions Tony has about growing up....

Why couldn't things have stayed the same?
