## Alexander the Great By Jacob Abbott

Alexander III of Macedon, popularly known to history as Alexander the Great, was an Ancient Greek king (basileus) of Macedon. Born in 356 BC, Alexander succeeded his father Philip II of Macedon to the throne in 336 BC, and died in Bablyon in 323 BC at the age of 32. Alexander was one of the most successful military commanders of all time and it is presumed that he was undefeated in battle. By the time of his death, he had conquered the Achaemenid Persian Empire, adding it to Macedon's European territories; according to some modern writers, this was much of the world then known to the ancient Greeks.

### Editorial Review

#### Review

Abbott's account of Alexander's life reads like a Greek tragedy. We are reminded of Jesus admonition, For what is a man profited, if he shall gain the whole world, and lose his own soul? (Mt. 16:26a). Alexander gained the world, but at what cost? Abbott's book is an easy but fascinating read, providing insights and details into the life of one of history's most prominent, yet puzzling, figures. For those who enjoy history and have a love of reading, this book is a delightful treasure. --Patch Blakey, executive director, Association of Classical & Christian Schools
