Editorial Review

Review

The authors . . . cover the important topics with great clarity, and the reader will find all the subjects accessible. . . . A particular delight is that the book is sumptuously illustrated many of the illustrations are eye-catching and attention-grabbing. . . . I highly recommend this book to anyone who wishes to learn about psychopharmacology. --Allan Hunter Young, The New England Journal of Medicine

For over 30 years I have been teaching about this engaging subject (non-medical drug use, not drug abuse). This is certainly the best, most clearly written, and by far the most interesting book that I have seen in this area. --Oliver M. Brown, State University of New York, Upstate Medical University

For over 30 years I have been teaching about this engaging subject (non-medical drug use, not drug abuse). This is certainly the best, most clearly written, and by far the most interesting book that I have seen in this area. --Oliver M. Brown, State University of New York, Upstate Medical University

About the Author

Jerrold S. Meyer is Professor of Psychology and Director of the interdepartmental Neuroscience and Behavior Program at the University of Massachusetts, Amherst, USA. He is the author or co-author of over 75 articles and chapters in the fields of neuropharmacology and neuroendocrinology, and a co-author of Principles of Neuropsychopharmacology (1997, with Robert Feldman and Linda Quenzer). He is a past President of the Neurobehavioral Teratology Society. Linda F. Quenzer is Adjunct Professor of Psychology and Neuroscience at the University of Hartford, USA. She has extensive teaching experience in the areas of psychobiology and neuropsychopharmacology at the undergraduate, graduate, and postgraduate levels. She has co-written Fundamentals of Neuropsychopharmacology (1984, with Robert Feldman) and Principles of Neuropsychopharmacology (1997, with Robert Feldman and Jerrold Meyer).

Users Review

From reader reviews:

Luciana Findley:

As people who live in the particular modest era should be upgrade about what going on or facts even knowledge to make these individuals keep up with the era and that is always change and advance.
