### The Art of Being Unmistakable: A Collection of Essays About Making a Dent in the Universe By Srinivas Rao

Instead of this outdated book, please check out the newer, bigger and better hardcover version, now called UNMISTAKABLE... We live in such a hyper-connected society today flooded with so much talent and so much noise. Talent alone won't cut it. Whether you're an artist, musician, writer or creator of sorts, to stand out in the world you must be unmistakable. It's the only option. To create unmistakable work, you must take risks. You must cross lines, personal and professional. You must go to the point of a no return. On my 34th birthday, I asked myself a question. "If this had been the last year of my life, would I have been ok with how I'd lived?" When my answer was a resounding NO, I knew that something had to change. So I started to write in a way that was more honest, more transparent and more vulnerable than I ever had. I committed career suicide, one Facebook status update at a time. And in that process I found my voice. This collection of essays is about that journey. I hope it inspires you to find that unmistakable artist in yourself."
