Written and experiential activities help teens discover their own leadership potential and develop skills that guide them to act responsibly and make a difference in the world around them. Teens gain a greater understanding of who they are, what matters to them, how that translates into leadership, and how leadership relates to everyday life. Written activities encourage reflection; "do something" activities call for commitment and action. Both enable teens to reach new levels of leadership. Created for use with *Building Everyday Leadership in All Teens*, this consumable guide also functions as a stand-alone resource for personal growth.
