## Exceptional Learners: An Introduction to Special Education By Daniel P. Hallahan

Exceptional Learners: Pearson New International Edition: An Introduction to Special Education Description Exceptional Learners is an outstanding introduction to the characteristics of exceptional learners and their education, emphasizing classroom practices as well as the psychological, sociological, and medical aspects of disabilities and giftedness. In keeping with this era of accountability, all discussions and examples of educational practices are grounded in a sound research base. With hundreds of new references added to the 12th edition, the authors are committed to bringing the most current and credible perspectives to bear on the ever-increasing complexity of educating students with special needs in today's schools. The authors have written a text that reaches the heart as well as the mind, promoting a conviction that professionals working with exceptional learners need to develop not only a solid base of knowledge, but also a healthy attitude toward their work and the people whom they serve, and constantly challenge themselves to acquire a solid understanding of current theory, research, and practice in special education and to develop an ever more sensitive understanding of exceptional learners and their families.

### **Editorial Review**

### **Users Review**

#### **From reader reviews:**

#### **Charles Beaudoin:**

Book is to be different for each grade. Book for children till adult are different content. We all know that that book is very important for us. The book Exceptional Learners: An Introduction to Special Education ended up being making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The e-book Exceptional Learners: An Introduction to Special Education is not only giving you considerably more new information but also to become your friend when you really feel bored. You can spend your current spend time to read your guide. Try to make relationship while using book Exceptional Learners: An Introduction to Special Education. You never truly feel lose out for everything if you read some books.

#### **Sun Byrd:**

Nowadays reading books become more than want or need but also work as a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The info you get based on what kind of publication you read, if you want have more knowledge just go with training books but if you want experience happy read one using theme for entertaining such as comic or novel. The Exceptional Learners: An Introduction to Special Education is kind of reserve which is giving the reader erratic experience.

#### **Julius Montanez:**

Reading a guide tends to be new life style within this era globalization. With looking at you can get a lot of information that will give you benefit in your life. Using book everyone in this world may share their idea. Publications can also inspire a lot of people. Lots of author can inspire their very own reader with their story or perhaps their experience. Not only the storyplot that share in the guides. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors in this world always try to improve their skill in writing, they also doing some analysis before they write with their book. One of them is this Exceptional Learners: An Introduction to Special Education.

#### **Pamelia Thompson:**

This Exceptional Learners: An Introduction to Special Education is great guide for you because the content which is full of information for you who all always deal with world and have to make decision every minute.

That book reveal it information accurately using great arrange word or we can say no rambling sentences included. So if you are read it hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tough core information with attractive delivering sentences. Having Exceptional Learners: An Introduction to Special Education in your hand like having the world in your arm, facts in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen moment right but this reserve already do that. So , this can be good reading book. Hey there Mr. and Mrs. busy do you still doubt which?
