Atlas of Advanced Operative Surgery E-Book By Vijay P. Khatri

Advance your surgical expertise with *Atlas of Advanced Operative Surgery*! This new resource picks up where other surgical references leave off, providing **highly visual, step-by-step guidance on more than 100 advanced and complex procedures** in both general and subspecialty areas.

- **Visualize every procedure** thanks to more than 1,000 illustrations, most in full color - including intraoperative photos, beautifully illustrated color drawings that highlight the relevant anatomy and techniques in specific surgeries, and radiologic images that help you identify variations in anatomy prior to surgery.
- **Grasp each procedure and review key steps quickly** with a consistent, highly focused, bulleted format.
- **See the advantages and disadvantages of variations in technique** with a Pro/Con section written by expert surgeons.
- **Focus on the advanced practice skills** that are of particular value to those poised to begin practice, as well as surgeons who are already in practice.
- **Benefit from the masterful guidance of Dr. Vijay Khatri**, a respected expert and experienced mentor of trainees, junior faculty, and community surgeons.
- **Learn new procedures or refresh your memory on operative details prior to surgery** with an easy-to-follow, step-by-step format: pre-operative preparation, operative technique, position, incision, main dissection, closure, alternative technical approaches (with pros/cons), and post-operative care.

Editorial Review

Review

"I would highly recommend this to senior residents embarking on the final years of residency. Surgical fellows in many disciplines also would find it worthy: oncology, laparoscopy, and vascular surgery. Junior and senior faculty will find this a welcome resource."- Neal Wilkinson, MD (Roswell Park Cancer Institute)
4 star Doody rating!

Users Review

From reader reviews:

Clarence Liller:

The knowledge that you get from Atlas of Advanced Operative Surgery E-Book could be the more deep you looking the information that hide into the words the more you get considering reading it. It doesn't mean that this book is hard to comprehend but Atlas of Advanced Operative Surgery E-Book giving you excitement feeling of reading. The writer conveys their point in particular way that can be understood by simply anyone who read the item because the author of this book is well-known enough. This particular book also makes your vocabulary increase well. So it is easy to understand then can go with you, both in printed or e-book style are available. We propose you for having this kind of Atlas of Advanced Operative Surgery E-Book instantly.

Gary Stark:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their sparetime with their family, or their very own friends. Usually they carrying out activity like watching television, going to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Will you something different to fill your own free time/ holiday? Might be reading a book might be option to fill your free time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to consider look for book, may be the book untitled Atlas of Advanced Operative Surgery E-Book can be fine book to read. May be it may be best activity to you.

Dione Wicker:

Precisely why? Because this Atlas of Advanced Operative Surgery E-Book is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will surprise you with the secret the idea inside. Reading this book adjacent to it was fantastic author who all write the book in such awesome way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you for not hesitating having this anymore or you going to regret it. This unique book will give you a lot of advantages than the other book get such as help improving your talent and your critical thinking means. So , still want to hold up having that book? If I had been you I will go to the publication store hurriedly.

Nancy Kidder:

That guide can make you to feel relax. This book Atlas of Advanced Operative Surgery E-Book was colorful and of course has pictures around. As we know that book Atlas of Advanced Operative Surgery E-Book has many kinds or style. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and think that you are the character on there. Therefore not at all of book usually are make you bored, any it makes you feel happy, fun and relax. Try to choose the best book in your case and try to like reading this.
