Small Displays of Chaos By Breanna Fischer

17-year-old Rayanne Timko is only a few months into her senior year of high school, and her biggest concern should be deciding on a university and career path. But while her classmates are filled with anticipation, nothing in her life seems to be going smoothly, and Rayanne finds herself struggling to overcome anorexia. She has a new friend: Edie - the seductive and demanding presence in her head who insists she be as skinny as possible. With Edie around, Rayanne is blind to nearly everyone else in her life. But what happens when Ray begins to suspect she may be losing more than weight? Will she be able to save her family - and herself - before it's too late?

Filled with complex relationships and realistic young adult tribulations, Small Displays of Chaos follows Rayanne as she struggles with the astonishingly common yet stigmatized disorder of anorexia nervosa. Throughout her story she fights to discover who she is despite her illness, and learns that by loving herself, she is better able to love those around her.

Editorial Review

From School Library Journal

Gr 7 Up—Rayanne Timko's goal in high school is to "get in, get out, and be seen by no one," but in the first week of her senior year, she has been called in to see a guidance counselor. As her story unfolds, readers learn that Rayanne has a hidden life; after being given a phys ed assignment to pick a fitness goal and journal about it, she begins to obsess about her daily meals and activities to an unhealthy degree. As she strives to rid herself of every bit of unwanted fat by rigidly controlling her food intake, her physical and mental health deteriorate. She develops an alternate personality named Edie, who is 20 pounds lighter and constantly criticizes her, and she starts to purge and cut herself. When Rayanne nearly dies after an incident at her cousin's wedding, she is hospitalized and finally begins to cope with her condition. This first novel from Canadian author Fischer is based on her personal experiences with eating disorders. It does not glamorize these disorders or provide any easy answers. The descriptions of the protagonist's purging and cutting behaviors are realistic and brutal, and the conclusion makes it clear that her recovery is an ongoing process. VERDICT A worthwhile addition to collections needing newer titles about these sensitive issues.—Kathleen E. Gruver, Burlington County Library, Westampton, NJ

About the Author

Small Displays of Chaos is the first novel from emerging writer Breanna Fischer and is based on her own experience of being diagnosed as anorexic with bulimic behaviors in 2010. In 2014, Breanna was accepted into the Writing For Film & TV program at the Vancouver Film School, where she studied writing for features, teleplays, sketches, comic books and animation. Her script inspired by a single moment of *Small Displays of Chaos* was produced and made into a short film in 2015.

Users Review

From reader reviews:

Tony Hill:

The event that you get from *Small Displays of Chaos* will be the more deep you rooting the information that hide within the words the more you get serious about reading it. It does not mean that this book is hard to understand but *Small Displays of Chaos* giving you enjoyment feeling of reading. The copy writer conveys their point in specific way that can be understood through anyone who read the idea because the author of this guide is well-known enough. That book also makes your vocabulary increase well. It is therefore easy to understand then can go together with you, both in printed or e-book style are available. We advise you for having that *Small Displays of Chaos* instantly.

James Stumbaugh:

Reading a guide tends to be new life style within this era globalization. With reading through you can get a lot of information which will give you benefit in your life. Together with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Many author can inspire their very own reader with their story as well as their experience. Not only the storyplot that share in the publications. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors nowadays always try to

improve their expertise in writing, they also doing some study before they write with their book. One of them is this Small Displays of Chaos.

Roy Stoudt:

A lot of people always spent their free time to vacation or maybe go to the outside with them friends and family or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or perhaps playing video games all day long. In order to try to find a new activity honestly, that is look different you can read any book. It is really fun to suit your needs. If you enjoy the book that you simply read you can spent the whole day to reading a reserve. The book Small Displays of Chaos it is rather good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. Should you did not have enough space to deliver this book you can buy the e-book. You can m0ore quickly to read this book out of your smart phone. The price is not too costly but this book possesses high quality.

Margaret Ochoa:

This Small Displays of Chaos is great publication for you because the content which can be full of information for you who all always deal with world and still have to make decision every minute. This kind of book reveal it information accurately using great organize word or we can declare no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with lovely delivering sentences. Having Small Displays of Chaos in your hand like finding the world in your arm, info in it is not ridiculous one particular. We can say that no reserve that offer you world in ten or fifteen small right but this guide already do that. So , this is certainly good reading book. Hey Mr. and Mrs. busy do you still doubt that?
