Baby & Bump (The This & That Series Book 1) By Brooke Moss

(This is book 1 of a series. Though it is a stand alone novel, it is best if followed up by book 2, Apples & Oranges, and then book 3, Then & Now. Happy reading!)

At thirty years old, caterer Lexie Baump has a lot on her plate. With a business to run, she doesn't have time for any added distractions. But one momentary indiscretion adds a little hiccup to Lexie's plans. She's pregnant. With no relationship prospects.

But if Lexie thought fighting morning sickness while running a catering business was hard, enter Dr. Fletcher Haybee. Their connection is instant, and their love of vintage rock tee shirts and Elvis music is enough to bond them for life. There are just two minor problems.

One: he's dating her oversexed best friend. Two: he's also her obstetrician.

With events to cater, awkward OB appointments to endure, and her ever-growing baby bump making it impossible to close her jeans, Lexie has to find a way to curb her undeniable attraction toward Fletcher and focus on her new role as a working mother. But it certainly isn't easy when its clear Fletcher himself feels the same magnetic pull toward Lexie.

Can Lexie leave the gorgeous Fletcher for her best friend to chew up and spit out, or will she cave to her feelings and find love in the stirrups? Life is about to get messy, and we're not just talking about crumbs in the car seat...
