Review

"Jerome Teelucksingh has written a wide-ranging and very important book. Through his careful and thorough analysis of the Trinidad Workingmen's Association (later the Trinidad Labour Party), he reveals the crucial role that this Organization played in the development of working-class political and trade union culture in both Trinidad and the Caribbean as a whole. His immensely readable study fills a big gap and will be essential for all those interested in colonial labour history."

Marcel van der Linden, International Institute of Social History, the Netherlands
