Editorial Review

Review

"To understand this remarkable man, one must turn to *Malcolm X Speaks*.... All but one of the speeches were made in those last eight tumultuous months of his life after his break with the Black Muslims when he was seeking a new path. In their pages one can begin to understand his power as a speaker and to see, more clearly than in the *Autobiography [of Malcolm X]*, the political legacy he left his people in its struggle for full emancipation ... [This book] will have a permanent place in the literature of the Afro-American struggle." --**I.F. Stone in New York Review of Books**

"Formidably articulate, especially in terms of international political analysis.... [W]hat made Malcolm X dangerous--in the eyes and ears of the Federal Bureau of Investigatio--was his cogent critique of not just violent white racism, but of U.S. imperialism, and his ability to connect both practices." --**Globe and Mail, Canada**

Users Review

From reader reviews:

Allen Mullinax:

This Malcolm X Speaks: Selected Speeches and Statements is great guide for you because the content that is full of information for you who have always deal with world and get to make decision every minute.
