

Swift Essentials - Second Edition

By Dr Alex Blewitt

Swift Essentials - Second Edition By Dr Alex Blewitt

Key Features

- Gets you up and running with Swift programming without any prior iOS development experience.
- A fast paced guide showing best practices and lets you get up to speed with Swift to quickly build your own iOS applications
- A unique practical approach to make your life with Swift easy.

Book Description

Swift was considered one of the biggest innovations last year, and certainly with Swift 2 announced at WWDC in 2015, this segment of the developer space will continue to be hot and dominating.

This is a fast-paced guide to provide an overview of Swift programming and then walks you through in detail how to write iOS applications. Progress through chapters on custom views, networking, parsing and build a complete application as a Git repository, all by using Swift as the core language

What you will learn

- Dive into Swift and explore its innovative and powerful syntax
- Work with Swift in Xcode to get a unique and productive approach to development
- Find out how to create complete iOS applications
- Discover rapid prototyping with a Swift playground
- Get to know how to use the Swift storyboard to develop multi-page applications
- Get to grips with parsing JSON and XML data from network sources
- Build a network client for GitHub repositories, with full source code on GitHub

About the Author

Dr Alex Blewitt has over 20 years of experience in Objective-C, and he has been using Apple frameworks since NeXTstep 3.0. He upgraded his NeXTstation for a TiBook when Apple released Mac OS X in 2001, and he has been developing on it ever since.

Alex currently works for an investment bank in London, writes for the online

technology news site InfoQ, and has published two other books for Packt Publishing. He also has a number of apps on the Apple AppStore through Bandlem Limited. When he's not working on technology and if the weather is nice, he likes to go flying from the nearby Cranfield airport.

Alex writes regularly at his blog, <http://alblue.bandlem.com>, as well tweeting regularly on Twitter as @alblue.

Table of Contents

1. Exploring Swift
2. Playing with Swift
3. Creating an iOS Swift App

Users Review

From reader reviews:

Colleen Thompson:

Information is provisions for those to get better life, information nowadays can get by anyone with everywhere. The information can be a knowledge or any news even a problem. What people must be consider whenever those information which is inside former life are difficult to be find than now could be taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you find the unstable resource then you get it as your main information it will have huge disadvantage for you. All of those possibilities will not happen inside you if you take Swift Essentials - Second Edition as the daily resource information.

Angela Taylor:

The actual book Swift Essentials - Second Edition will bring someone to the new experience of reading some sort of book. The author style to elucidate the idea is very unique. When you try to find new book to learn, this book very ideal to you. The book Swift Essentials - Second Edition is much recommended to you to study. You can also get the e-book in the official web site, so you can more easily to read the book.

Jeffrey Roybal:

Are you kind of hectic person, only have 10 or even 15 minute in your moment to upgrading your mind proficiency or thinking skill actually analytical thinking? Then you are having problem with the book in comparison with can satisfy your small amount of time to read it because this time you only find publication that need more time to be examine. Swift Essentials - Second Edition can be your answer because it can be read by a person who have those short spare time problems.

Crystal Dewitt:

Many people spending their time frame by playing outside along with friends, fun activity with family or just watching TV all day long. You can have new activity to pay your whole day by looking at a book. Ugh, ya think reading a book really can hard because you have to take the book everywhere? It fine you can have the e-book, taking everywhere you want in your Touch screen phone. Like Swift Essentials - Second Edition which is keeping the e-book version. So , why not try out this book?
