By Julia Golding

The Glass Swallow By Julia Golding

Rain has a secret—one that risks her whole world if it comes out. She designs exquisite stained glass for the windows of her city. But the law is clear: it is forbidden for girls to be part of the glassmakers' guild. To keep her secret hidden, Rain leaves home and travels to a strange new country. Her trip becomes a nightmare when bandits attack and she is abandoned in a society on the edge of disaster. To survive, she must discover new strengths in herself and seek out the other people that this society has scorned, including a young falconer who is one of the "untouchables." This exciting new novel is a companion book to *Dragonfly*, which received a starred review from *School Library Journal*, was a YALSA Teens' Top Ten nominee, and was selected by librarians for the 2011 Texas Lone Star reading list.

Editorial Review

Review

Ages 12+ In this follow-up to *Dragonfly* (2009), Rain's gender prevents her from revealing her talent for stained glass design, so when she is given the opportunity to secretly work in a foreign land, she gladly takes it, not knowing that her path leads into a country rife with economic chaos. As she struggles to survive, she finds both inner strength and unexpected love. The main characters' constant arguments make the romance less believable, but both Rain and her beau, Peri, are otherwise spunky teens who are easy to identify with. Tamora Pierce fans will enjoy this one. --Snow Wildsmith, Booklist, September Issue
