

Toxic

By Jamie Doward

Toxic By Jamie Doward

The mutilated body of a senior banker is found on a remote Kent beach. Could the man's death be linked to the scandal engulfing his employer, a global investment bank created by the CIA to help it track terrorism financing?

Kate Pendragon, a financial analyst seconded to MI5, discovers that the bank is close to collapse, something that threatens to bring down the CIA. Elsewhere, intelligence is gathered on an Islamic terrorist cell intent on triggering a nuclear catastrophe to rig the world's financial markets — rigged, it would appear, by the Americans.

But will rogue agents in the CIA really allow the disaster to happen in order save their bank?

Pendragon believes the intelligence community on both sides of the Atlantic could be falling for a sophisticated hoax. Only, no one is listening to her. And the clock is ticking...

Editorial Review

Review

Doward's prose is smooth and pacy, and he conjures up a vivid and convincing world of spooks, gangsters, whistleblowers and assassins. It all makes for a slick, brainy and very timely spy thriller, played out with cinematic verve on a fast moving international stage. An extremely entertaining debut? **Sunday Mirror**

There is plenty of suspense in this well-written and ambitious first novel? **Literary Review**

About the Author

Jamie Doward has been a journalist on the *Observer* for 16 years. In his career, he has worked as a business reporter, the Home Affairs editor, the Religious Affairs correspondent, the Social Affairs Editor, the diarist and, currently, its Senior Reporter.

Users Review

From reader reviews:

Sharon Self:

Now a day people who Living in the era everywhere everything reachable by connect to the internet and the resources inside can be true or not call for people to be aware of each data they get. How individuals to be smart in getting any information nowadays? Of course the solution is reading a book. Studying a book can help persons out of this uncertainty Information especially this Toxic book since this book offers you rich facts and knowledge. Of course the information in this book hundred per cent guarantees there is no doubt in it as you know.

Keith Abell:

Exactly why? Because this Toxic is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will zap you with the secret that inside. Reading this book next to it was fantastic author who also write the book in such wonderful way makes the content on the inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of gains than the other book have got such as help improving your proficiency and your critical thinking way. So , still want to delay having that book? If I were being you I will go to the guide store hurriedly.

Steve Franklin:

Do you like reading a e-book? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many issue for the book? But any kind of people feel that they enjoy regarding reading. Some people likes looking at, not only science book and also novel and Toxic or perhaps others sources were given expertise for you. After you know how the truly amazing a book, you feel desire to read more and more. Science reserve was created for teacher or students especially. Those books are helping them to increase their

knowledge. In different case, beside science publication, any other book likes Toxic to make your spare time far more colorful. Many types of book like this one.

William Reyes:

A lot of guide has printed but it is different. You can get it by web on social media. You can choose the most effective book for you, science, witty, novel, or whatever through searching from it. It is named of book Toxic. Contain your knowledge by it. Without departing the printed book, it can add your knowledge and make an individual happier to read. It is most crucial that, you must aware about reserve. It can bring you from one spot to other place.
