

China: Empire of Living Symbols Tecknens Rike

By Cecilia Lindqvist

China: Empire of Living Symbols Tecknens Rike By Cecilia Lindqvist

This book presents a fascinating and stunningly beautiful introduction to Chinese language and culture. The origins of Chinese ideographs were not known until 1899 when a scholar went to an apothecary for some medicine made of "dragon bone". To his surprise the bone, which had not yet been ground into powder, contained a number of carved inscriptions. Thus began the discovery of the 3000 year old sources of the written characters still in use in China today. In this unparalleled and beautiful book, Cecilia Lindqvist tells the fascinating story of these origins, and shows how their shapes and concepts permeate Chinese thought, architecture, art and culture.
