Hell's Geek (Welcome to Hell) (Volume 5) By Eve Langlais

“Blowing up volcanoes and starting wars pales in comparison to making hearts explode and encouraging sinful, fleshly delights.” Lucifer’s candid one on one interview with HNN.

Big deal, so he kept losing the oar. It wasn’t Adexios fault the Styx monsters were working against him, but tell that to his dad. Charon is determined to make a man out of him—whether his mother likes it or not—and Lucifer has offered to help. Help means sending Adexios in to the wilds of Hell with an Amazon warrior as his companion.

The savage fighter doesn’t know what to think of her geeky partner. Adexios attracts Valaska with his brains instead of brawn. He also shows a cunning courage she can’t help but respect.

They’ll need all the skills they can muster, though, if they’re going to prevail against the newest threat to Hell. With the wilds submerged by seawater, and monsters hungry for flesh, they’ll have to fight to stay alive, and learn opposites not only attract, they explode. (With passion, not guts, in case that wasn’t clear.)

Welcome to the pit where the danger is never ending, the sea monsters are multiplying, and Lucifer is planning the wedding from Hell.

“Love is but a game and I control the pieces.” Lucifer’s philosophy. Gaia’s retort. "I told you not to tell people about the cuffs."

Review

Five Star Top Pick at Night Owl Romance:

"There is never a dull moment as the intriguing events draw the reader in and refuse to let go.."

About the Author

Eve Langlais is a Canadian mom, wife and writer of romance. In her late thirties, she live in Bowmanville Ontario with her hubby, three kids, the guinea pig, and a truly fat cat.

She's writing romance the way shes like it--hot with a touch of fantasy. She enjoys reading and writing stories that push the envelope of what we consider normal, and loves to cross the line between good and evil--and in some cases totally stomp on it.

She tends to have a lot of sexual tension in her tales as she thinks all torrid love affairs start with a tingle in our tummies. Her heroes are very male, you could even say border line chest thumping at times. So if you want a truly sensitive man, she is not for you. But that said, her men will do almost anything for the one they love, even start an intergalactic war.
